# Technical Advisory Committee

Draft and approve Recommendation Sheets

Determine Focus Areas for each recommended strategy

Create Local Management Strategy Review template

Each jurisdiction fills out a Local Management Strategy Review

Analyze how Focus Areas intersect with jurisdictional boundaries

Translate LMSR results into data for analysis (e.g., maps)

Overlay Focus Areas with LMSR results and analyze gaps

Board and TAC

Determine local and regional implementation priorities

Brainstorm/research/assess implementation alternatives for each priority strategy and focus area

Decide which alternative(s) to pursue for each priority strategy and focus area

If currently feasible

If not currently feasible

Determine timelines, funding, responsible agencies, etc.

Determine action steps to increase feasibility and/or build capacity
